STATUTORY REQUIREMENTS

34-106. Limitation upon elections.

On and after January 1, 2011, notwithstanding any other provisions of the law to the contrary, there shall be no more than two (2) elections conducted in any county in any calendar year, except as provided in this section, and except that elections to fill vacancies in the United States house of representatives shall be held as provided in the governor's proclamation.

(1) The dates on which elections may be conducted are:

(a) The third Tuesday in May of each year; and

(b) The Tuesday following the first Monday in November of each year.

(c) In addition to the elections specified in paragraphs (a) and (b) of this subsection and subsection (7) of this section, an emergency election may be called upon motion of the governing board of a political subdivision. An emergency exists when there is a great public calamity, such as an extraordinary fire, flood, storm, epidemic, or other disaster, or if it is necessary to do emergency work to prepare for a national or local defense, or it is necessary to do emergency work to safeguard life, health or property.

(2) Candidates for office elected in May shall take office on the date specified in the certificate of election but not more than sixty (60) days following the election.

(3) Candidates for office elected in November shall take office as provided in the constitution, or on January 1, next succeeding the November election.

(4) The governing board of each political subdivision subject to the provisions of this section, which, prior to January 1, 2011, conducted an election for members of that governing board on a date other than a date permitted in subsection (1) of this section, shall establish as the election date for that political subdivision the date authorized in subsection (1) of this section which falls nearest the date on which elections were previously conducted, unless another date is established by law.

(5) The secretary of state is authorized to provide such assistance as necessary, and to prescribe any needed rules or interpretations for the conduct of election authorized under the provisions of this section.

(6) Water districts governed by chapter 6, title 42, Idaho Code, are exempt from the provisions of this section.

(7) Community colleges governed by chapter 21, title 33, Idaho Code, and school districts are subject to the limitations specified in subsection (1) of this section, except that school districts may also hold an election on the second Tuesday in March of each year and on the last Tuesday in August of each year on bonded indebtedness and property tax levy questions.

(8) Initiative, referendum, bond, levy and any other ballot question elections conducted by any political subdivision shall be held on the nearest date authorized in subsection (1) of this section which falls more than sixty (60) days after the clerk of the political subdivision orders that such election shall be held in May and November of even-numbered years and fifty (50) days for all other elections, unless otherwise provided by law. City initiative and referendum elections shall be held in November of odd-numbered years as provided by section 34-1801B, Idaho Code. Ballot language for any question to be placed on the ballot shall be submitted to the county clerk at least sixty (60) days before the election held in May and November of even-numbered years and at least fifty (50) days for all other elections.

(9) Recall elections may be held on any of the four (4) dates authorized in subsections (1) and (7) of this section that falls more than forty-five (45) days after the clerk of the political subdivision orders that such election shall be held.

(10) Irrigation districts governed by title 43, Idaho Code, are subject to the limitations specified in subsection (1) of this section, except that irrigation districts may also hold an election on the first Tuesday in February of each year and on the first Tuesday in August of each year on questions required to be voted upon by title 43, Idaho Code.

This section is the cornerstone of election consolidation, since the two authorized dates are set out in Section 1.

All elections can only be conducted on one of the two authorized dates:

a. Third Tuesday in May

b. Tuesday following the first Monday in November

Initiative, referendum, bond, levy, and any other ballot questions conducted by any political subdivision can only be held on one of the two authorized dates that are more than 50 days after the election is ordered in an odd year. However, city initiative and referendum elections can only be held in November of an odd year.

(continued on following page)

Recall elections may be held on any of the four dates authorized in March, May, August and November that falls more than 45 days after the clerk orders the election.

Schools may also hold elections for bonded indebtedness and property tax levy questions on the second Tuesday in March and the last Tuesday of August.

Subsection (1)(c) does allow an emergency election to be conducted on a date other than an authorized date.

Subsection (4) is noteworthy since it sets out the schedule for political subdivision candidate elections to be conducted on the nearest authorized date on which such elections were previously conducted. (See page 1 for the month and year of candidate elections for each political subdivision.)

The consolidated date schedule does not apply to Water Districts governed by Chapter 6, Title 42.

34-1401. Election administration.

Notwithstanding any provision to the contrary, the county clerk shall administer all elections on behalf of any political subdivision, subject to the provisions of this chapter, including all special district elections and elections of special questions submitted to the electors as provided in this chapter. Water districts governed by chapter 6, title 42, Idaho Code, recreational water and/or sewer districts as defined in section 42-3202A, Idaho Code, ground water recharge districts governed by chapter 42, title 42, Idaho Code, ground water management districts governed by chapter 51, title 42, Idaho Code, ground water districts governed by chapter 52, title 42, Idaho Code, and irrigation districts governed by title 43, Idaho Code, are exempt from the provisions of this chapter. Municipal elections shall be conducted under the provisions of this chapter except for the specific provisions of chapter 4, title 50, Idaho Code. All school district and highway district elections shall be conducted pursuant to the provisions of this chapter 14, title 34, Idaho Code. All highway district and school district elections shall be administered by the clerk of the county wherein the district lies. Elections in a joint school district or other political subdivisions that extend beyond the boundaries of a single county shall be conducted jointly by the clerks of the respective counties, and the clerk of the home county shall exercise such powers as are necessary to coordinate the election. "Home county" shall be defined as the county in which the business office for the district or political subdivision is located. For the purposes of achieving uniformity, the secretary of state shall, from time to time, provide directives and instructions to the various county clerks. Unless a specific exception is provided in this chapter, the provisions of this chapter shall govern in all questions regarding the conduct of elections on behalf of all political subdivisions. In all matters not specifically covered by this chapter, other provisions of title 34, Idaho Code, governing elections shall prevail over any special provision which conflicts therewith.

The county clerk shall conduct the elections for political subdivisions and shall perform all necessary duties of the election official of a political subdivision including, but not limited to, notice of the filing deadline, notice of the election, and preparation of the election calendar.

The Secretary of State is authorized to issue directives and instructions to the County Clerks and the political subdivision election officials (usually the clerk or secretary of the taxing district). The Forms and Samples section contains forms for candidates, election/filing notices, an example of a Local Elections Calendar, County Clerk Certification of Results, County Canvass Certificate and Absentee Request Form.

This section instructs the County Clerks to administer all elections on behalf of political subdivisions (including School Districts). Water Districts governed by Chapter 6, Title 42, Recreational Water and/or Sewer Districts as defined in section 42-3202A, Ground Water Recharge Districts governed by Chapter 42, Title 42, Ground Water Management Districts governed by Chapter 51, Title 42, Ground Water Districts governed by Chapter 52, Title 42 and Irrigation Districts governed by Title 43 are exempt from the provisions of Chapter 14, Title 34, Idaho Code.

34-1402. Registration

All electors must register with the county clerk before being able to vote in any primary, general, special or any other election conducted in this state. The county clerk shall determine, for each registered elector, the elections for which he is eligible to vote by a determination of the applicable code areas. The determination of tax code area shall be made for all political subdivisions including those otherwise exempt from the provisions of this chapter.

The county clerk shall conform to the provisions of chapter 4, title 34, Idaho Code, in the administration of registration for all political subdivisions within the county.

This section provides that all electors must be registered voters before being able to vote in any election.

Last day for elector to pre-register for an election shall be on the 25th day prior to the election, in accordance with 34-408, Idaho Code. All electors are also entitled to register by mail under the provisions of Section 34-410, I.C.

Ground Water, Irrigation and Recreational Water & Sewer districts do not require registration and are not governed by the provisions of Chapter 14, Title 34, Idaho Code.

34-1403. Conduct of elections.

All elections conducted in this state on behalf of each political subdivision within the county shall be conducted in a uniform manner with regard to the qualifications of electors and shall be conducted on the dates as provided by law. In the event that a statute governing a political subdivision provides for qualifications more restrictive than the qualifications for an elector in section 34-402, Idaho Code, the election official of the district shall provide an elector's oath to be executed at the time of the election certifying to the elector's qualifications for the specific election.

This section reaffirms the voter registration requirement and allows for an electors oath (*See Forms and Samples pg. 26 for the Elector's Oath.*) to be given to an elector for a specific type of election (e.g. a certain political subdivision may have commissioners who are elected by the residents of a specific zone or sub district). In this instance, the elector must be a registered voter and sign an oath attesting to the elector's residency in a specific zone or sub-district.

34-1404. Declaration of candidacy.

Candidates for election in any political subdivision shall be nominated by nominating petitions, each of which shall bear the name of the nominee, the office for which the nomination is made, the term for which nomination is made, bear the signature of not less than five (5) electors of the candidate's specific zone or district of the political subdivision, and be filed with the clerk of the political subdivision. The form of the nominating petition shall be as provided by the county clerk and shall be uniform for all political subdivisions. For an election to be held on the third Tuesday in May, in even-numbered years, the nomination petition shall be filed during the period specified in section 34-704, Idaho Code. The clerk of the political subdivision shall verify the qualifications of the nominees and shall, no more than seven (7) days after the close of filing, certify the nominees and any special questions placed by action of the governing board of the political subdivision. For an election to be held on the first Tuesday after the first Monday of November, in even-numbered years, the nomination shall be filed on or before September 1. The clerk of the political subdivision shall verify the qualifications of the nominees and shall, no later than seven (7) days after the close of filing, certify the nominees and any special questions placed by action of the governing board of the political subdivisions. For all other elections, the nomination shall be filed not later than 5:00 p.m. on the ninth Friday preceding the election for which the nomination is made. The clerk of the political subdivision shall verify the qualifications of the nominee, and shall not more than seven (7) days following the filing certify the nominees and any special questions, placed by action of the governing board of the political subdivisions, to be placed on the ballot of the political subdivision.

This section provides for the filing dates for the declaration of candidacy and nominating petitions. The prescribed forms are available from the clerk of the political subdivision or from the County Clerk's Office.

(Note continued on following page.)

Declaration of Candidacy and Nominating Petition for political subdivisions (*See Forms and Samples pg. 19 for the Declaration of Candidacy and pg. 20 for the Petition of Candidacy.*)

Signatures should be verified to be those of qualified electors upon receipt of petition and not after the close of filing. If needed, the candidate then has the opportunity to perfect the petition.

34-1405. Notice of election filing deadline.

(1) Not more than fourteen (14) nor less than seven (7) days preceding the candidate filing deadline for an election, the county clerk shall cause to be published a notice of the forthcoming candidate filing deadline for all taxing districts. The notice shall include not less than the name of the political subdivision, the place where filing for each office takes place, and a notice of the availability of declarations of candidacy. The notice shall be published in the official newspaper of the political subdivision.

(2) The secretary of state shall compile an election calendar annually which shall include not less than a listing of the political subdivisions which will be conducting candidate elections in the forthcoming year, the place where filing for each office takes place, and the procedure for a declaration of candidacy. Annually in December, the county clerk shall cause to be published the election calendar for the county for the following calendar year. This publication shall be in addition to the publication required by paragraph (1) of this section. The election calendar for the county shall be published in at least two (2) newspapers published within the county, but if this is not possible, the calendar shall be published in one (1) newspaper which has general circulation within the county. Copies of the election calendar shall be available, without charge, from the office of the secretary of state or the county clerk.

Subsection (1) details the notice requirements for the candidate filing deadline, which requires the County Clerk in the county of the political subdivisions to publish such a notice in the official newspaper of the political subdivision. (*See Forms and Samples pg. 21 for the Notice of Filing Deadline.*)

Subsection (2) requires the following:

- (1) That the Secretary of State compile an annual election calendar, which shall include the political subdivisions conducting elections in the forthcoming year and procedures for filing the declaration of candidacy.**
- (2) That the County Clerk publish an annual election calendar in December which shall list the political subdivisions conducting candidate elections in the next calendar year. (*See Forms and Samples pg. 36 for the 2019 Annual Election Calendar sample published by the County Clerk.*)**

The County Clerk should contact the political subdivision election official in November for verification of the elections to be held in the forthcoming year. (*See Forms and Samples pg. 23 for the Notification of Election from Political Subdivision form.*) This form may be used to provide the election information to the County Clerk. Failure to provide this information to the County Clerk shall require the election official of the political subdivision to publish a separate notice of election in addition to all other notices.

34-1405A. Withdrawal of candidacy.

A candidate for nomination or candidate for election to an office may withdraw from the election by filing a notarized statement of withdrawal with the officer with whom his declaration of candidacy was filed. The statement must contain all information necessary to identify the candidate and the office sought and the reason for withdrawal. A candidate may not withdraw later than forty-five (45) days before an election.

A candidate for a political subdivision may withdraw no later than the 45th day before the election by filing a notarized statement of withdrawal.

34-1406. Notice of election.

The county clerk shall give notice for each political subdivision for any election by publishing such notice in the official newspaper of the county. The notice shall state the date of the election, the polling places, and the hours during which the polls shall be open for the purpose of voting. The first publication shall be made not less than twelve (12) days prior to the election, and the last publication of notice shall be made not less than five (5) days prior to the election. For

each primary, general and special election, the county clerk shall cause to be published a facsimile, except as to size, of the sample ballot in at least two (2) newspapers published within the county, but if this is not possible, the sample ballot shall be published in one (1) newspaper published within the county or one (1) newspaper that has general circulation within the county. Such publication shall be in conjunction with the second notice of election required by this section. The political subdivision shall notify the county clerk in writing of the official newspaper of the political subdivision.

This section details the notice of election requirements. The County Clerk shall publish the notice of election for all elections, including city elections.

34-1407. Write-in candidates.

No write-in candidate for any nonpartisan elective office shall be counted unless a declaration of intent has been filed indicating that the person desires the office and is legally qualified to assume the duties of the office. The declaration of intent shall be filed with the clerk of the political subdivision not less than forty-five (45) days before the date of the election.

If the statutes governing elections within a specific political subdivision provide that no election shall be held in the event that no more than one (1) candidate has filed for an office, that statute shall be interpreted in such a manner as to allow for filing a declaration of intent for a write-in candidate until forty-five (45) days preceding the election. However, if no candidate has filed within that time, no election shall be held for that political subdivision. The provisions of this section shall not apply to candidates in the primary or general election covered by the provisions of section 34-702A, Idaho Code.

This section clarifies that all political subdivisions covered by the provisions of Chapter 14, Title 34, Idaho Code, must allow for a write-in candidate. (See Forms and Samples pg. 22 for the Declaration of Intent to be a Write-In Candidate.)

In those political subdivisions which do not require an election if only one (1) candidate filed (see Local Elections Calendar pg. 27 for listing of applicable districts), an election cannot be canceled until the end of the filing period for a write-in candidate.

There is no authority in Title 50 or Title 34 to cancel a city election if only one (1) candidate files for office. Cities must hold an election regardless of competition.

34-1408. Absentee ballots.

Any registered elector may vote at any election by absentee ballot as provided in chapter 10, title 34, Idaho Code. In the event of a written application to the county clerk for an absentee ballot, the application shall be deemed to be an application for all ballots to be voted in the election, and the county clerk shall provide the ballot of the political subdivision to the elector.

This section requires that absentee voting be allowed in all political subdivision elections. A written application for an absentee ballot must be received by the County Clerk as required by Chapter 10, Title 34, Idaho Code. (See Election Day Registration, Party Affiliation and Absentee Request forms section, pg. 15 for the Application For Absentee Ballot.)

There will be a different absentee request for the Primary Election in even numbered years.

34-1409. Conduct of election on election day.

At all elections conducted by any political subdivision, the polls shall be opened at 8:00 a.m. and remain open until all registered electors of that precinct have appeared and voted or until 8:00 p.m. of the same day, whichever comes first. However, the election official may, at his option, open the polls in his jurisdiction at 7:00 a.m.

All political subdivisions conducting elections on the same date shall, whenever practicable, use the same polling places.

(See NOTE on next page.)

This section mandates that all elections shall be conducted from 8 a.m. to 8 p.m. unless the election official (County Clerk) chooses to open the polls at 7 a.m.

The intent of this section is to allow voters to go to one polling place and vote for the various candidates and issues of the political subdivisions having an election on that day. Whenever practicable the same polling places should be utilized. The County Commissioners shall assign polling places for the elections in their county, based on the recommendations of the County Clerk.

34-1410. Canvassing of election results.

The board of county commissioners shall conduct the canvass of the election results within ten (10) days after the election, in the manner provided in chapter 12, title 34, Idaho Code. The county clerk shall certify the election results to the clerk of each political subdivision for which an election was held. Each political subdivision shall issue the appropriate certificates of election.

The intent of this section is for the County Commissioners to meet and canvass the votes for the political subdivision within ten (10) days of the election. However, for political subdivisions holding elections in conjunction with the Primary Election in even numbered years, it is recommended that their results be canvassed at the same time as the Primary Election results, which must be done within seven (7) days of the election. The County Clerk certifies the results to the political subdivisions who then issue the certificates of election. (See Forms and Samples pg. 24 for the Certificate of Canvass and pg. 25 for the County Clerk Certification of Results.)

34-1411. Payment of election expenses by county.

(1) On and after January 1, 2011, no county shall charge any taxing district, as defined in section 63-201, Idaho Code, for expenses associated with conducting any election on behalf of any taxing district, with the exception of expenses associated with conducting municipal runoff elections, which shall be paid by the city adopting runoff elections pursuant to the provisions of section 50-612 or 50-707B, Idaho Code. Expenses associated with conducting taxing district elections shall include:

- (a) Costs of ballot preparation, distribution, printing and counting, including absentee ballots.
 - (b) Costs of printing poll books and costs of tally books, stamps, signs and any other voting supplies, publications and equipment.
 - (c) Wages or other compensation for election judges and clerks or any county employees or officials performing duties associated with conducting taxing district elections.
 - (d) Costs paid for renting polling facilities.
 - (e) Acquisition, repair, maintenance or any other costs associated with voting machines or vote tally systems as defined in subsections (9) and (10) of section 34-2401, Idaho Code.
 - (f) Costs of publishing and printing election notices and ballots.
- (2) Counties shall not be responsible for any election expenses prior to the time any taxing district orders an election, such as notice and costs for public hearings and notice and costs for public hearings on ballot measures.
- (3) Notwithstanding the provisions of subsection (1) of this section, all ballot questions shall be limited to two hundred fifty (250) words or less. If a ballot question is in excess of two hundred fifty (250) words, the entity proposing a ballot question that is not a state constitutional amendment shall be required to pay the ballot printing costs associated with the ballot question.

This section mandates that all expenses associated with conducting elections on behalf of taxing districts as defined in 63-201, Idaho Code, shall be paid by the county. However, any city required to have a runoff election, will be required to pay for that runoff election.

For a ballot question in excess of two hundred fifty (250) words, the entity proposing the question that is not a state constitutional amendment shall be required to pay the costs of the ballot printing associated with the question.

34-1412. Terms of office going beyond next election date.

Notwithstanding any other provision of law to the contrary, whenever a member of the governing board of a taxing district has been elected to a term of office that goes beyond the next election date as provided by statute, such member of the governing board shall be entitled to serve his or her term of office and shall continue to serve until the following election provided by statute. All governing board members elected on and after January 1, 2011, shall serve terms of office beginning and ending as otherwise provided by statute.

The intent of this section is to clarify the terms of those board members of taxing districts that were changed due to election consolidation. When a board member has been elected to a term of office that goes beyond the next election date, such member will serve his or her term of office until the following election provided by statute.

34-1413. Procedures for certain political subdivision elections to modify voting procedures.

Any county that has a political subdivision in which there is more than one (1) county contained in the political subdivision boundaries and that wishes to modify voting procedures shall submit an election plan to the secretary of state for approval for the modified voting procedures to be effective at least forty (40) calendar days prior to an election. The secretary of state shall notify the political subdivision of its approval, disapproval and, if it is disapproved, what remedial measures may be taken that would allow for approval of the voting plan.

This section allows a county to request a modification of election procedures from the Secretary of State if a political subdivision has boundaries in more than one county. The modified procedures must be effective at least forty (40) calendar days prior to an election. Therefore, they must be submitted for approval no later than 45 days before the election.

**ELECTION DAY REGISTRATION,
PARTY AFFILIATION, AND

ELECTION DAY REGISTRATION

Pursuant to Section 34-408A, Idaho Code, a voter who has not registered prior to Election Day may do so at the polling place on Election Day. The County Clerk, chief registration official of their respective county, shall provide instruction to the poll workers on Election Day registration procedures.
